MADE HASTE TO REAP PROFITS

Wall Street Bulls Quick to Take Advantage of an Advance.

BUSINESS BRISK AT START

SITUATION SHOWN TO BE STEADILY IMPROVING.

New York, March 9 .- The conservative views held by professional operators in stocks over the improvement in conditions underlying values of securities was indicated by their action today following the sharp advance which occurred in prices on Saturday. There was evident haste to reap such profits as were afforded by the over-Sunday demand for stocks attracted by Saturday's advance and the trading started off at a fast pace, transactions during the first hour footing up a quarter of a million shares. The second hour's business, however, dropped to below ninety thousand shares and midday found prices dragging again at about Saturday's closing level With the outside demand thus fed and professional holdings correspondingly Inter. Met. lightened, there was some resumption Preferred fterwards of operations for the adance. The demand was not large, but the floating supply of stocks was

the floating supply of stocks was found to be light again and prices were put up without encountering formidable obstacles.

The renewal of these operations on the long side after the testing and digestive process of the first hour was held to indicate satisfaction with the absorptive power of the market on the part of the speculative party which has operated for a rise. There was no striking new development in the news. Slight improvements reported by railroad traffic officials were mentioned without enthusiasm. Earnings reports made a further poor showing and heaviness in special stocks conand heaviness in special stocks contrary to the general course of the market was attributed in some cases to fears of forthcoming reports of heavily decreased earnings. Advices from the iron and steel industry were encouraging and further resumption amongst mills in that trade were re-

Copper enjoyed a wide *rebound in London, and the price of that metal here was more firmly held. The more cheerful feeling over the steel trade was helped by the unprecedented exports of that product reported for February, when 92,036 tons of finished orms were sent out from New York and other eastern points. This comis said to be 50 per cent above the average monthly consignments for nearly a year past. International bankers report that the easing course of foreign money markets is throwing some inquiries for investment into this market. This is confined as yet to high-grade mortgage securities, and to some extent to purchase of mercantile paper for account of foreign banks, the rates prevailing here making an attraction compared with declining money rates at home. This development is considered of importance, considering the large new issues by corporations hich are known to confront the New

Yerk money market. The foreign exchange today was suggestively weak, in spite of the lessened shipments of grain to outward ports, which was a feature of last week. The low reserves of grain reported in farmers' hands by the government experts, whose figures were made public during the day, shows to how large an extent the export of our surplus supplies has already been made in the rush to disquiet our financial necessities following the panic. The rise in prices were firmly held to the end. Bonds were firm. Total sales, par

United States bonds were unchanged on call.

GRAIN AND PROVISIONS.

Chicago, March 9.-The local wheat market closed weak today because of the government crop report on farm reserves which showed that 144,721,000 bushels of wheat are still in farmers' hands. Final quotations on May delivery were down \(\frac{1}{2}c. \) Corn was up 1c. Oats were unchanged. Provisions were 2\(\frac{1}{2}65 \) to 7\(\frac{1}{2}610c \)

The wheat market was nervous and prices ranged nearly 2c. A sharp break at the opening coused by extreme weakness in European markets was followed in the first half hour by a radical advance caused by purchases by shorts. Sentiment continued builtsh until the government figures on farm reserves were ernment figures on farm reserfes were announced, when prices declined to a new low mark for the day. The market closed weak. May opened \(^3\) to \(^3\) clower, at 95c to 95, advanced to 97@97\(^3\) and then declined to 95\(^3\). The close was at 95\(^3\). Clearances of wheat and flour were equal to 177,000 bushels. The amount on passage increased 208,000 bushels and the visible supply decreased 1.544,000 bushels. Primary receipts were 713,000 bushels, against 1.029,000 bushels on the same day last year. Minneapolis, Duluth and Chicago reported receipts of 443 cars, against 386 last week and 719 one year ago.

The corn market was strong all day on light offerings and active buying by

light offerings and active buying by shorts and commission houses. The government crop report, which was the chief bullish influence, showed the amount of corn in possession of farmers on March 1 was 962,429,000 busheis, against 1,288,000,000 busheis on the same day last year. The market closed strong. May opened a shade to 4,23c lower, at 63 to 6314, advanced to 6412 and closed at 6414,2643. Local receipts were 39 cars, with four of contract erade.

contract grade.

The distant deliveries of oats were firm but May was weak because of selling by elevator interests. The chief bullish in-

3% and closed at 53%. Local receipts were were 359 cars.

Provisions were strong all day because of a higher market for live hogs and the substantial increases in exports. At the close May pork was up 7½00c, at 12.12½012.15. Lard was 7½c higher, at 7.95. Ribs were 2½00c higher, at 6.87½. Estimated receipts for tomorrow: Wheat, 40 cars; corn, 285 cars; bats, 441 cars; hogs, 27,000 head.

Drs. Shores & Shores, Expert Specialists,

THE LAST OF THE FERTILE LANDS in America, \$12 to \$25 per acre, lie in the beautiful Teton valley, Fremont county Idaho. Rich in soil, watered by abundant mountain streams, producing crops which astonish. There is a sheltered valley in which our com-

still has 30,000 acres of cultivated land and a number of stock ranches which we are selling to desirable citizens on easy terms. An equable clime, ready market at producers' door, growing modern town, excellent schools, and churches, a clean, high-class community of 5,009 souls—all go to make life pleas-ant and profitable. Wheat averages thirty-five bushels, oats fifty bushels, alfalfa two cuttings, 3½ to 4 tons, free timber to settlers, water rights with deed, coal \$2 per ton, vast open grazing range, good horse and cattle country Let me tell you, personally, more of Lands in America.
